*Synopsis- or long story short- what's it all about?*

'A narrative focus on the thoughtful look of a young girl, facing pain- as she bares her soul and what lays within.'

Just because you're the small girl, and have someone putting you down; doesn't mean that you can't rise above it all and shine!

Nevaeh is a 14-year-old girl lingering in Pennsylvania at the start of this story around of the 2000s- in a town that to here is just as backwards as her name- with about the same meaning, that lives a life of bullying, and feels that death is a way out; yet before she passes she lives her life out seeing all that she has lost by choosing to pass far too young. Leading into a 'long fantasy novel' sagas of Nevaeh becoming a fallen angel, and then lost in the mind of another, named Naddalin, and along the way she meets many others, that remember her as the girl who existed.

The darkest day of her human life she commits suicide, However, that is not the end of her young life, but the start of a miraculous supernatural life's beginnings to take place. Nevaeh has to learn the hard way in everything she does, in this supernatural life. She has to see everything she was giving up by dying. Nevaeh's tormentors the four Amsel sisters will try to destroy her though-out all the books, however, they cannot because she is an angel- like them, nevertheless, that does not stop them from trying.

Nevaeh walks the hall of her high school as the reject, and her only friend is Lilly, the gay-girl as she has become to be known that follows her around as a spirit on seen by Nevaeh. Nevaeh has a hex of losing everyone she has loved- after her death as punishment, like her baby girl Jaylynn and husband- and all to come, to the point she wants to give up on love altogether- yet that can happen when she is immortal.

Nevaeh's granddaughter, true love prevails over all. Kristen grandchild of Nevaeh becomes the new target she is kidnapped- and the hex is passed down the line; however, fate has its own twist. Kristen learns how to fight as a U.S. Marine Corps. Karly and Maggie- and all the other girls in the story are all mixed up teen girls giving their life stories, girlfriends, boyfriends, and dating... making out and up, hooking up, and all that makes popular- or not.

Think about all the photos, that you post remembering they just might be your- legacy.

Karly's secret life on a chat room site- and her love for a girl, and the boy that was nothing, the loser in school, and the one that was everything too- in this story this girl dies many times until she has an epiphany. Jenny the head of

everything make this girl, and her BFF's do what she asked even if that means giving up on what Karly loves. I may be out of my mind tonight, but Marcel is looking perfect, to me almost superhuman, in his awkwardly sexy body, that's not perfect, yet molds perfectly to me, so I guess it's perfect. I will never forget the first time I saw you; I fall in love with you, and I remember him saying to me, not believing it.

He is not fat, but not lean, he is muscular, but not overly buff. I am falling to those love-sick eyes, so dreamy. A cute love story of forbidden, with girls and boys as the target's teen drama. Also, an anti-bullying book. Coping with losing a loved one, and hookups of teen life. Little sis Kattie, wants to be like the older girls- that are older than she is, and well do anything to get there.

Liv- and Maddie take things to the next level, on top of school, yet popularity prevails, as more important. The suggestive chat room for girls to be on their backsides becomes Karly's life, yet it's a fast buck and makes her feel wanted and popular. Steamy, juice, wet, raw, hot, lustful, teen girl's lives with dreamy boys, or that wrong but the right girl at the time of why not... all out there, just like you.

A picture is worth 1,000 words! #O-okay then what does this one say- then? (Hashtags- are like a stamp of life- no?)

Left out- yet only in her mind, she feels at this point- Karly. Who doesn't whom she wants to love? And who really loves her- back. Haunted by her past she wants the old days back- when she was a freshmen girl liking a boy and a girl- and not sure on either.

The first ever story about a CAM girl in her teen years of high school, the secret life of an agave teen girl that needs to feel wanted.

Children being locked up for years in oubliette of a room with others, and finding her new freedom, like with girls of the past too, remembering Lilly imprisonment- with Nevaeh foe, locked in an orphanage of incest and creepy bounding, torched for the joy of her owner- the 4 girl's mother, treated worse than a dog. Broken mentally, emotionally psychologically, and spiritually, the evenly she went mad because I was not there for her.

Numbered with ID tag-ring- hanging the privets.

Death, drugs, partying, and anarchy, is all about being popular right- well what it like for Maggie- the one that is not, you'll see both sides of the stories of teen girls and boys that make life just suck.

Ray and Karly are on and off- and the cute sweet boy is looking for love to yet, not with Karly. Liv and Maddie are just being GAY! They say you fall in love only once but every time, I see her I fall in love with her all over again and again. Dating- fun- drinking- getting high- boys music- friends- not loving mom or dad- or just a dad. Loving too much in one

way, and not enough in others. Girls talking about the nasty sex your mom and dad don't know about- end!

It all started when I opened up a suitcase and found my Dollie...

Noah and Rallie and Sam and friends set off on one last adventure to lay the princess's ghost to rest- the ghost of a girl whom will not rest until the bone-china doll is buried in her unfilled grave. In middle school now, and if there really is a ghost, creepy, and haunting, will it let them go now that it has them in its grab? Is the doll just a doll or something eviler? Noah pop pushes him to give up fantasy, and Noah quits the game of play yet- not all the way. But then nothing goes according to plan, and as their adventure turns into a larger-than-life voyage, creepy things begin to happen. Their relationship might be over until one of them announces she's been having dreams about the princess. And this creepy creeper dollie!

I am looking at you- it said! Dollie was feeling me!

A sweet love story of a nerdy boy and the popular girl! Nothing beats a long passionate kiss at a football game! Or the romp in the band room! Jenny is losing her mind- at this point!
